PRESENTATION OF MARIA TRIPODI

With pleasure, I present the Eduitalia Guide "Study in Italy" 2025. Since 2007, this Guide has been offering prospective international students an overview of many of Italy's educational opportunities, with a focus on Italian language schools. With its network of partner institutions, the Eduitalia Guide has become a go-to resource for overseas students looking to learn about our language and culture.

Every year, tens of thousands of foreign students opt to study in Italy because of our excellent educational opportunities and highly-regarded culture. For everyone who wants to study our language and culture in Italy, the Eduitalia Guide is a valuable tool that makes navigating the various possibilities easier.

The Ministry of Foreign Affairs and International Cooperation works with conviction to promote Italian culture and language abroad through its diplomatic and consular network, Italian Cultural Institutes, and Italian Schools overseas. Because we strongly believe that international education is essential to fostering international understanding and collaboration and because we are aware of the value of studying in Italy for foreign students, we also support and encourage international student mobility. The number of international students coming to Italy has greatly increased over the years, and our country is as ready as ever to welcome them.

The Ministry of Foreign Affairs and International Cooperation has long benefited from Eduitalia's partnership in our efforts to promote the Italian language abroad and attract to Italy students interested in studying our language. I have no doubt that Eduitalia will continue to play a significant role in assisting us in realizing these shared objectives.

I sincerely hope you will choose Italy for your education and wish you the best of luck for the next academic year.

A handwritten signature in black ink that reads "Maria Tripodi".

ASILS (Association of Schools of Italian as a Second Language) groups since 1991 private institutions offering Italian language and culture courses with a quality standard certified by the new UNI11863:2022 standard. ASILS is present in 12 Italian regions and welcomes each year about 30,000 foreign students in their schools. Being part of a national system of high guarantee is a decisive factor in the qualification of Italian language and culture in the world.

WHO WE ARE

UNESCO affirms that over half of the historical and artistic heritage in the world is found in Italy.

Everyone who has had the possibility to study and live abroad, even those coming for a short period of time, describes Italy as a paradise for lovers of art, culture and savoir-vivre.

IED ROMA A CROSS MEDIA CAPITAL

ROME

The Istituto Europeo di Design arrived to the Eternal City in 1973. Its widespread Campus consists of spaces with dynamic identities: two sites, each twenty minutes from the Termini Station and connected to the centre by metro and bus: one near the Basilica of San Giovanni in Laterano and the other in the Pigneto district, known for its night life and cultural ferment.

Centro Machiavelli was founded in 1978. The school is member of ASILS and SI STUDIARE ITALIANO, a network of Italian language schools from Florence, Rome, Milan, Venice, Trieste and Taormina. Our defining characteristic is the care and attention, which we dedicate to each of the participants of our courses, to their motivation and to the satisfaction of their expectations. The atmosphere in the school is informal as required when communication is aimed at specific relational purposes.

Our students come from all over the world, this enhances the chances of communicating in Italian, and it makes mental flexibility and creativity a must for the teachers, in organizing the lessons, in the use of the teaching material and in the activities undertaken. Additionally, it's possible to combine the language courses with a practical learning in a company, linked to your professional field of interest: fashion, design, architecture, cooking/eno-gastronomy, craftsmanship, artistic

crafts, cultural and touristic promotion and welcome, import-export and other fields that match your skills and professional aspirations.

PASSEPARTOUT LINGUA ITALIANA

MILAN

Passepartout was established in 1996 by owners and principal teachers, Marzia Trotta and Roberto Cittadini. The school is located in Milan, Italy. We are a boutique school able to offer a personalized and friendly, yet professional service. Our small class sizes (never more than 8 people) mean that each student gets individual attention in every class.

Thanks to the small size of the groups, all students can understand and speak Italian during the classes, using the Italian language to communicate from the very first class. Many years' experience in working with high profile clients and students demanding fast and measurable results has led to the creation of our published textbooks and our unique teaching method.

Over the years we have written and published our own books, which are still used in the courses. We have also developed a self-learning language platform called "Italian distance learning", which is currently available on the Internet <https://www.italiandistancelearning.it/>

All our teachers are both highly qualified and have undergone rigorous training in our method, offering excellence in Italian language training.

Since 1996 we have focused on our students' goals: communicating in the Italian language in everyday life in Italy, at work, at University, or returning home with a solid background in the Italian language.

We offer a variety of courses, more or less intensive, with a wide range of durations, both in the morning and in the afternoon-evening.
