

Dear Readers,

I would like to address my warmest greeting to those who will have the opportunity to read the Eduitalia guide - *Study in Italy*

The promotion of the Italian culture abroad has always been a primary goal for the Ministry of Foreign Affairs, carried out through the active role played by the Italian Diplomatic network throughout the world.

To this end, the Ministry of Foreign Affairs supports the important activity pursued by entities such as Eduitalia, the contribution of which is precious in order to achieve this crucial goal.

Over the years Eduitalia has often cooperated with the Italian Diplomatic network in order to promote the spread of the many aspects of our culture which make us famous throughout the world.

The "*Study in Italy*" Eduitalia guide is a flexible instrument allowing foreign students to find the right teaching to match their education demands in the town of their choice and for the duration preferred. Thanks to the acquired knowledge of our wide artistic and cultural heritage, we do hope that these students will become precious messengers of "Made in Italy" over the world.

I therefore welcome, with all my best wishes, all of you who chose Italy as your cultural destination.
