Milan, April 16th, 2026

Istituto Marangoni is pleased to participate in the Eduitalia scholarship initiative dedicated to students taking the AP Italian Language and Culture examination.

Founded in 1935, Istituto Marangoni is an internationally recognized institution specializing in Fashion, Design, and Art. With campuses located in key global capitals such as Milan, Florence, Paris, London, and Dubai, the school combines Italian heritage with a strong international perspective, offering programs that are closely aligned with industry needs.

In collaboration with Eduitalia, Istituto Marangoni will award one merit-based scholarship to a selected student, granting access to a Summer Course included in the 2026/2027 academic offer at the Florence campus.

The scholarship will cover:

1. Full tuition (including enrollment and course fees) for a three-week Summer Course within the 2026/2027 academic offer at Istituto Marangoni Florence;
2. Complimentary accommodation for the entire duration of the course in a residence arranged by the school (meals are not included). Travel expenses and any additional personal costs will remain the responsibility of the student.

The awarded course will take place during Summer 2027 and cannot be deferred. To be eligible, the selected candidate must be at least 18 years old at the time of enrollment and must complete the standard admission process for the chosen course.

We would like to express our sincere appreciation to the Italian Embassy in Washington and Eduitalia for this valuable initiative, and we look forward to welcoming the selected student to Istituto Marangoni Florence in Summer 2026.

Yours sincerely,

Riccardo Rotondo, Area Manager North America
